TO: ALL WIA CONTRACTORS:

On November 6, 2001, the County Board of Supervisors approved funding for the contracting of ADA assessment services to Goodwill Industries of Southern California.

Goodwill will conduct an assessment of your physical facility(-ies) and also assess the assistive technology of your computer system as they relate to compliance with WIA, State and Federal regulations. This will be done for all our contracted One Stop Centers (and their satellites), Youth Centers, and Special Needs agencies.

Reports will be generated with analyses and recommended corrective action plans, if applicable. There will be no charge for this service as the County will cover the cost. However, any corrective action costs will need to be paid under your current budget.

A representative from Goodwill will be calling you to set up an appointment. We appreciate your patience and cooperation in helping us and working with Goodwill to adhere to this most significant requirement.

If you have any questions, please direct them to Joe Huey of my staff at (213) 738-2623.
